Meeting	May 20, 2024 - Regular School Board Meeting
Category	3. Administrative Reports
Subject	3.8 Dean of Curriculum and Instruction
Type	Reports

Dean of Curriculum and Instruction Monthly Report

Date: May 9, 2024

- Forward testing is completed, YEAH. Thank you to all staff for their hard work in getting testing completed. Unfortunately, not all students were tested due, mainly due to being absent during the test window. We also had 3 parent opt-outs in Middle School. If my math calculations are accurate the percentage of students tested by school are:
 - Island School: 100%
 - Elementary School: 95%
 - Middle School: 92%
 - High School: 96%
- The PreACT is complete. We had 96% of our student's test. The individual student score reports have been shared with the 9th and 10th-grade students. Linda has also added them to the student cumulative files.
- I have completed the state-required CTE graduate report for the class of 2023. The required CTE data for this school year will be updated in Infinite Campus after second semester grades are completed in June. I have already added first-semester data to my spreadsheet.
- The Class of 2024 was mailed their graduate survey. I am still waiting to hear from a few and will follow up soon.
- As my position comes to an end, I will be taking time to create some support documents for the new DAC, for how to enter the CTE data, and other systems I am admin for. The admin team will need to make some decisions as to who will be in charge of the many digital curriculum programs I am the admin for. We also need to have a contact for all the vendors I have built relationships with over the last two years. I do have a spreadsheet with information for each of them including contacts.
- May PBIS staff awards:
 - Laura Comer
 - Brett Hulmer
 - Kathie Hinson

Respectfully Submitted By
Colleen Beagan Dean of Curriculum and Instruction
